OUTLINE PLANTING SPECIFICATION

GENERAL: All work to be undertaken in accordance with BS4428:1989 and BS7370:1993.
SERVICES: No trees to be planted within 3 meters of existing or proposed foul, surface water drain or soakaway. Planting adjacent to other services shall be in accordance with the guidelines laid down by the relevant service authority.

SUBSOIL: Rip to 500mm depth using the teeth of a JCB back bucket to break up compaction and allow free drainage.

TOPSOIL: Existing topsoil to be stripped and stored in stockpiles for re-use. Stockpiles to be 2M ht. max. Locations to be agreed. Keep free of perennial weeds by appropriate means. All imported topsoil to comply with BS 3882:1994, pH 6-8, free of stone greater than 50mm in any dimension, perennial weed roots, builders rubble/waste, toxic materials and contaminants. Analysis certificate of N,P,K,Mg, conductivity and contamination to be provided. Sample load corresponding to the respective load to be left on site for comparison with subsequent deliveries.
Supply and spread by loose tipping to the following depths;
Tree pits 1.0 x 1.0M x 750mm depth
Ornamental shrubs/hedgerow - 400mm depth.
Grass (Turf) - 100mm depth.
Wildflower seed - Low fertility topsoil or subsoil with N,P,K,Mg and conductivity index of <2.
Lightly firm without compacting. Grade to an even surface and marry in with adjacent soft landscape areas. Finished levels adjacent to hard surfaces to be level with kerb unless otherwise instructed. Cultivate to a fine tilth removing all stones over 50mm that come to the surface. Allow to settle and make good defficiences, hump and hollows. Remove any weeds before planting.

FRONT GARDENS - TURF. Ref Rowlawn 'Medallion or similar. Cultivate to a fine tilth, grade, marry in with adjacent areas and remove all stones and rubble over 25mm dia.

WILDFLOWER SEED for rear gardens, communal areas and pond. Eradicate weeds by repeat cultivation or herbicide. Include for ploughing, harrow and rake of large areas to produce a medium tilth and roll to produce a firm surface. Remove all stones and builders rubble over 25mm that come to the surface. Supply, sow and establish agreed seed mix to suppliers recommendations. Maintain as long grass with no cuts from June to September to facilitate natural seeding in combination with spring mowing. Timing subject to conditions and sward development.
Supplier; Emorsgate Seeds or similar approved.
Seed Mixes;
Rear gardens - EG21 Fine Amenity Turfgrass or similar approved.
Communal areas, short grass - EL1 Flowering Lawn or similar approved. For open areas allow 16 cuts/year.
Communal areas long grass - EM4 Meadow mixture for clay soils or similar approved. Allow 2 No. cuts/year. Spring and September. Grass foot paths cut 4-6 times/year.

BARK MULCH - Whitelands. 75mm depth over shrub beds. material to contain minimum of 70% wood content of particle size 35-45mm to be free of pests, disease and weed contamination. 2L sample to be submitted for approval.

GRAVEL MULCH - Urban Village. 50mm golden quartzite pea gravel or similar

MAINTENANCE. until handover or client instruction; Include for the removal of weeds and litter (including the water area) and the maintenance of bare ground beneath planted areas by cultivation or use of non-residual herbicides, replacement of plant defects, bark and gravel mulch, pruning dead / damaged branches and edge trimming as required. Grass areas to be relevelled scarified and overseeded to remove hollows and troughs which develop. Turf areas to be watered to avoid shrinkage and mown to keep neat and trim at between 35-75mm ht. Wildflower grass areas established to seed suppliers recommendations. Cutting frequency as outlined above. Remove all cuttings to maintain low soil fertility. Re-instate hollows and humps that develop. Water body to be maintained as clear water taking appropriate action to remove algal blooms. Paved areas to be kept free of weeds, litter and leaves. Mulch areas topped up to 50mm depth in communal areas on completion of Defects period. All plant defects including replacement trees after 5 years to be re-instated.
