Comments	I object to the building of a major football stadium in the vicinity of Kidlington for a number of reasons. Mainly because there would be inadequate access provision causing great inconvenience to people needing to travel between Oxford and Kidlington. Local businesses such as Sainsbury's would suffer badly on match days. The development would also be badly timed as there is building programmed to take place in the very near future on virtually all the land between North Oxford and Kidlington. There is already a suitable football ground in Blackbird Leys and a way should be found for them to continue to play there. Allowing any another use on that site should be resisted.
