<b>Comments</b>	<input type="text" value="We currently live on Tyrrell Road and have been informed by other residents (not by the person who has applied for planning permission) that the intention is to use Tyrrell Road as the access for this new development. Tyrrell Road is already the only access point for the whole Bloxham Vale development and is already busier than most residential streets. It simply could not cope with more traffic for this number of homes. Cars are always parked on the street and it would become significantly unsafe if the traffic were to increase further. Could a different access point not be found? This would be extremely detrimental to the health and safety of residents and will likely negatively impact house prices. We strongly oppose this planning proposal."/>
