<b>Type of Comment</b>	<input type="text" value="Objection"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="We have lived at this address for the last 30 plus years and have never had any problems with signals!&lt;br/&gt;None whatsoever!&lt;br/&gt;Furthermore we have never had any written information regarding the proposal of a 16m mast virtually in our back garden! Disgusting!&lt;br/&gt;We have only found out via a neighbour this evening....&amp; now it appears we have just until the 18th July to log a comment!&lt;br/&gt;How is it considered suitable to erect a 16m mast in the middle of a residential area?&lt;br/&gt;The mast will only be approximately 20 odd meters from our home &amp; several other houses...clearly visible from every window on the back of our property...&amp; a real eye sore when in our garden!&lt;br/&gt;Surely there are numerous fields &amp; other more suitable areas for this proposal!"/>
