Comments	<input type="text" value="I am writing in support of this application.

Whilst I accept that the site lies within the Kirtlington Conservation Area and the Historic Park I believe that impact on both would be minimal and would allow Kirtlington to move some way to meeting its obligations under the current Local Plan without significant harm. Although the details of the proposals are illustrative at the moment they do demonstrate a development which would potentially integrate well with the existing built fabric of the village particularly with the addition of footpath link as proposed.
I do, however,believe that there is a opportunity for better quality design in the detail of the houses and layout should the application be approved to create a proposal which better reflects the character of the village vernacular architecture."/>
