Comments	<input type="text" value="While it is important to increase housing in the town centre as someone who lives practically next door to this development and struggle to park on my street as it is I have concerns that with so few parking spaces included that the new residents will also be trying to park in our streets. I think there needs to be a greater ratio of parking spaces to houses as people are still using cars and not just bikes.

I also feel that building the town houses too close to Calthorpe Manor is not great. It is a special building and should be seen.

At the moment there is too many flats and not enough parking spaces proposed."/>
