Comments	<input type="text" value="I am totally appalled at the size and design of this proposal. It is completely out of the character of the village and will just ruin it. Have the proposers ever visited the village, a village of Honey coloured stone cottages, with a canal and river meandering through. That looks just a horrible Mix of buildings which are just not compatible with the area and I am amazed that Cherwell District council are even considering it, it's a joke. The road and sewage network will not cope and it's a development that is just totally ridiculous. The people of the village need to stand together and oppose this by whatever means possible. Cherwell Council have done enough damage to this lovely area but this will just be the final nail in the coffin. Utter madness"/>
