Comments	<input type="text" value="I strongly object to further housing developments between the northern built extent of Banbury and the rural village of Hanwell. Incrementally the buffer between the village and the town is being eroded. This application is outside of the plots currently in the agreed local plan and the assessment of the previously approved 78 houses on part of the site mentioned that it was approved due to the smaller scale. This development would be considerably larger, more visible from the village, directly impact upon the light pollution of the observatory and have a further detrimental effect on the local roads and inadequate services. It should therefore be refused."/>
