

Comment for planning application 22/01340/OUT

Application Number	<input type="text" value="22/01340/OUT"/>
Location	<input type="text" value="Os Parcel 6124 East Of Baynards Green Farm Street To Horwell Farm Baynards Green"/>
Proposal	<input type="text" value="Application for outline planning permission (all matters reserved except means of access (not internal roads) from B4100) for the erection of buildings comprising logistics (use class B8) and ancillary offices (use class e(g)(i)) floorspace; energy centre, hgv parking, construction of new site access from the B4100; creation of internal roads and access routes; hard and soft landscaping; the construction of parking and servicing areas; substations and other associated infrastructure."/>
Case Officer	<input type="text" value="Tom Webster"/>
Organisation Name	<input type="text" value=""/>
Name	<input type="text" value="Ceri Bateman"/>
Address	<input type="text" value="3 Siskin Road,Bicester,OX26 6UD"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The warehouses that are being approved to be built in Bicester and surrounding areas are so poorly designed. Where are cherwells standards for sustainable and well designed blending into the environment around them.
Sustainability is a massive factor. How many tonnes of carbon will now be emitted due to the increased logistics from building it and the lifetime of the warehouses. The lorries emit thousands of CO2. How much will be emitted for the lifetime of these warehouses?

The traffic can't cope with this infrastructure. It's bad enough at junction 9 as an example. This would be worse
