Comments	<input type="text" value="I am concerned that the proposed development will have a major impact on wildlife which surround our village. There are regular sightings of Deer, Badger, Hawks and Kites, as well as Bats. I believe that much if not all of these will be scared away, (or worse), from the village of Hanwell because of the disruption caused to the fields these proposed houses will be placed. The Deer act of 1991, the wildlife and countryside act of 1981 and the wild mammals protection act of 1995 are all designed to protect these wild animals habitats and prevent intentional harm - I feel that any new development on these fields will harm and displace. Therefore I object to the proposal."/>
