Comments	<input type="text" value="Cropredy cannot support two major housing developments
Whilst I understand the need for new homes villages are being ruined by mass development
Cropredy has a terrible water leak problem there surely no capacity for more homes to be linked to a crumbling system.
Thus development will have a huge impact on our beautiful canal and waterways
These fields support homes many birds and they need protection.
The developers are also trying to mislead residents that it is agreed a new doctor's surgery will be built . The surgery have denied this fact."/>
