Comments	<input type="text" value="This is all very well to keep adding buildings in this area in stages, but when are we getting the Howes Lane realignment road we were promised. Since the road was planned we have had big industrial building erected at the Middletonstoney road end of Howes Lane and no new road. Now this new plan for 500 houses and from what I can see no mention of the road being done before building starts. So unfortunately at this stage I object to the new development until the new road has been built and opened. Based on the grounds that the current Howes Lane is insufficient to cope with additional 1000 vehicle movements per day, let alone the construction traffic."/>
