Comments	<input type="text" value="I strongly object to this planning application going ahead as it is in a conservation area. this conservation exists as a buffer zone around our heritage park. It is unacceptable for the protected wall be demolished firstly, to gain access to the site and secondly, further down the road open up another section of the wall to give access via a footpath to the development. There is no benefit to the conservation area having houses built on it and it sets a dangerous precedent for the future if this is allowed to go ahead. As everyone in Kirtlington knows the A4095 through the village has become very busy during the morning and evening with commuter traffic ignoring the 20mph speed limit. this is causing more air and noise pollution. I don't think 14 more houses with cars is gong to help this situation."/>
