Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I am lodging this objection on behalf of my family and self against this large ,unnecessary,development ,extending the northern boundary of the thriving ,historic village of Cropredy.
CDC has a massive amount of building and housing stock ,exceeding its 5 year plan and this application is ,it feels purely unwarranted and speculative.Cropredy is a Category A village so this does not fit with its categorisation nor with the wishes of current villagers whom over the years have had meetings about the future of housing in the village.- to keep within historic boundaries ,not to be subsumed into urban sprawl; to keep separate identities from individual villages.
As a resident of Station Road this will precipitate a massive increase in traffic.
In terms of development ,it's outside the village boundary.
,the village has community space and a good playground.It doesn't need a pavement and can only swamp the village.
The community space proposed ,relative to the size of development can only be small and unuseful.Any suggestion that it could be used for primary care is at best inappropriate.
On the whole this Will swamp the village facilities ,spoil the countryside ,spoil the ambience of the village especially for those living on the northern boundary and be counterproductive to all those businesses which attract holidaying visitors."/>
