Comments	<p>On behalf of my family .I feel I need to add further objection to those lodged by myself and husband in the last week. The village publicly have by 85% objected in July to this development ;surgery or not.</p> <p>We are astounded to read that we are now not democratically represented by the parish council. Comments dated 4/1/2/23 by the clerk to the Council are not in keeping with the votes taken at that time .I am appalled that this council think they know what is best for Cropredy? I do not believe any have an understanding of how to procure a multimillion pound surgery? Its on public record in this fiscal year that NHSE and ICB have no extra funding for this sort of monolith. I have worked in primary medical care for decades ;local practices know nothing of this .Many practices in Banburyshire have more of a need and have absorbed most of the influx of residents to new houses and asylum seekers recently. There is a list of need in BOB and Cropredy don't appear!. I don't know what benefits the population of Cropredy will gain from a bigger surgery - concreting of the countryside; environmental vandalism ;anxiety and ill health from the on going process . Health care wont get significantly better, Brasnose college will make millions and Cropredy as it exists now will be subsumed into urban sprawl.</p> <p>I would be grateful if the comments from the parish council could be ignored . They are ILL INFORMED ,SUPERCILIOUS and NON REPRESENTATIVE</p>
