Outline Planning Determination

Date Registered: 6th August 2021

Proposal: Variation of Condition 16 (phasing plan) of 20/00293/OUT – to remove the requirement to deliver the mixed-use co-working hub as part of the first residential phase

Location: Bicester Gateway Business Park, Wendlebury Road, Chesterton

Parish(es): Chesterton

OUTLINE PERMISSION FOR DEVELOPMENT SUBJECT TO CONDITIONS

The Cherwell District Council, as Local Planning Authority, hereby **GRANTS** outline planning permission for the development described in the above-mentioned application, the accompanying plans and drawings and any clarifying or amending information, **SUBJECT TO THE CONDITIONS SET OUT IN THE ATTACHED SCHEDULE.**

The reason for the imposition of each of the conditions is also set out in the schedule.

Cherwell District Council
Bodicote House

David Peckford
Assistant Director – Planning and
Development

Date of Decision: 12th October 2021

Checked by: Andy Bateson

SCHEDULE OF CONDITIONS

TIME LIMITS AND GENERAL IMPLEMENTATION CONDITIONS

1. No more than 4,413sqm (GIA) of floorspace for uses falling within Class B1a and B1b of the Town and Country Planning (Use Classes) Order 1987 (or their equivalent in subsequent enactments or re-enactments), shall be constructed on the site and the floorspace shall be used for no other purposes whatsoever. For the avoidance of doubt and with reference to the Town and Country Planning (Use Classes) (Amendment) (England) Regulations 2020, from the 01 September 2020, Use Classes B1a and B1b are now part of Class E, specifically Class E(g)(i) and E(g)(ii). The floorspace hereby approved, shall be used for no other uses covered by the other Categories of Class E.

Reason: In order to retain planning control over the use of the site and to ensure that the impacts of the development are no greater than those considered under this application in accordance with Policies SLE1 and Bicester 10 of the Cherwell Local Plan 2011-2031 Part 1 and Government guidance contained within the National Planning Policy Framework.

2. No more than 177sqm (GIA) of floorspace for uses falling within Class A3 of the Town and Country Planning (Use Classes) Order 1987 (or their equivalent in subsequent enactments or re-enactments) shall be constructed on the site and the floorspace shall be used for no other purposes whatsoever. For the avoidance of doubt and with reference to the Town and Country Planning (Use Classes) (Amendment) (England) Regulations 2020, from the 01 September 2020, Use Class A3 is now part of Class E, specifically Class E(b). The floorspace hereby approved, shall be used for no other uses covered by the other Categories of Class E.

Reason: In order to ensure that the facility is ancillary and supports the primary use of the site for business uses and to retain planning control over the use of the site in accordance with Policies SLE4 and Bicester 10 of the Cherwell Local Plan 2011-2031 Part 1 and Government guidance contained within the National Planning Policy Framework.

3. No more than 794sqm (GIA) of floorspace shall be used as a mixed use co-working hub, a scheme for which, to include details of how the space shall be used by multiple, unconnected users in a way which is compatible and does not prejudice office type activities, shall be submitted to and approved in writing by the Local Planning Authority prior to the first use of the mixed use co-working hub. The mixed use co-working hub shall be used in accordance with the agreed scheme thereafter.

Reason: To ensure that the final use of the facility is approved and to ensure that the proposal complies with Policies SLE1, SLE4 and Bicester 10 of the Cherwell Local Plan 2011-2031 Part 1 and Government guidance contained within the National Planning Policy Framework.

4. No development shall commence on a phase identified within an approved phasing plan until full details of access (in so far as not approved by this decision), layout, scale, appearance and landscaping (hereafter referred to as reserved matters) of the development proposed to take place within that approved phase have been submitted to and approved in writing by the Local Planning Authority.

Reason: To comply with the provisions of Section 92 of the Town and Country Planning Act 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004, and Article 6 of the Town and Country Planning (Development Management Procedure (England)) Order 2015 (as amended).

5. Application for approval of all the reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of the original outline permission (Ref: 20/00293/OUT, dated 1st April 2021) and the development hereby permitted shall be begun either before the expiration of five years from the date of that permission or before the expiration of two years from the date of approval of the last of the reserved matters to be approved whichever is the later.

Reason: To comply with the provisions of Section 92 of the Town and Country Planning Act 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004, and Article 5(1) of the Town and Country Planning (Development Management Procedure (England)) Order 2015 (as amended).

6. Except where otherwise stipulated by conditions attached to the Reserved Matters Permission(s), the development shall be carried out strictly in accordance with the following plans and documents:

PL03C – Regulating Plan

PL05 – Reserved Land

46463/5501/001 Rev C – Wendlebury Road Vehicle Access and Pedestrian Improvements

46463/5501/002 Rev A – Wendlebury Road Proposed Improvements (if required)

Reason: For the avoidance of doubt, to ensure that the development is carried out only as approved by the Local Planning Authority and to comply with Government guidance contained within the National Planning Policy Framework and Planning Practice Guidance.

7. All site clearance (including the removal of any vegetation or works to hedgerows) shall be timed so as to avoid the bird nesting season, this being during the months of March until July inclusive unless the Local Planning Authority has confirmed in writing that such works can proceed, based on submission of a survey (no more than 48hrs before works commence) undertaken by a competent ecologist to assess the nesting bird activity on site, together with details of measures to protect the nesting bird interest on the site as required.

Reason: To ensure that the development will conserve and enhance the natural environment and will not cause significant harm to any protected species or its habitat to comply with Policy ESD10 of the Cherwell Local Plan 2011-2031 Part 1 and Government guidance contained within the National Planning Policy Framework.

8. Except to allow for the creation of means of access with associated vision splays hereby approved, the existing hedgerows along the western (A41), southern and eastern (Wendlebury Road) boundaries of the site shall be retained and properly maintained from the date of this planning permission (unless otherwise approved as part of the approval of reserved matters submitted in requirement of Condition 2), and if any hedgerow plant/tree dies within five years from the completion of the development it shall be replaced and shall thereafter be properly maintained in accordance with this condition.

Reason: In the interests of the visual amenities of the area, to provide an effective screen to the proposed development and to comply with Policies ESD13 and ESD15 of the Cherwell Local Plan 2011-2031, saved Policy C28 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework.

9. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the building(s) or on the completion of the development, whichever is the sooner, and shall be maintained for a period of 5 years from the completion of the development. Any trees and/or shrubs which within a period of five years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority gives written consent for any variation.

Reason: To ensure that the agreed landscaping scheme is maintained over a reasonable period that will permit its establishment in the interests of visual amenity and to accord with Policy ESD15 of the Cherwell Local Plan 2011 – 2031 Part 1, Saved Policy C28 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework.

10. If, during development, contamination not previously identified is found to be present at the site, no further development shall be carried out until full details of a remediation strategy detailing how the unsuspected contamination shall be dealt with has been submitted to and approved in writing by the Local Planning Authority. Thereafter the remediation strategy shall be carried out in accordance with the approved details.

Reason: To ensure that any ground and water contamination is identified and adequately addressed to ensure the safety of the development, the environment and to ensure the site is suitable for the proposed use, to comply with Saved Policy ENV12 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework.

11. All applications for approval of reserved matters relating to an approved phase shall be accompanied by details of the existing ground levels together with proposed finished floor levels of all buildings within that phase (with the level no less than 65.30m AOD as set out in the plans accompanying the LLFA Response reference number JAG//43386/Lt004). Development in that phase shall thereafter be undertaken in accordance with the ground/floor levels approved as part of the grant of reserved matters approval.

Reason: To ensure that the proposed development is in scale and harmony with its neighbours and surroundings and to comply with Policy ESD 15 of the Cherwell Local Plan 2011-2031, saved Policy C28 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework.

12. All applications for approval of reserved matters relating to an approved phase shall be accompanied by details of the proposed ecological enhancement measures to be incorporated within that phase in line with the recommendations at paragraph 18 of the Ecology Briefing Note prepared by Ecology Solutions Limited. All proposed ecological enhancement measures shall thereafter be installed in accordance with the details approved as part of the grant of reserved matters approval.

Reason: To protect habitats of importance to biodiversity conservation from any loss or damage and to enhance ecological opportunities at the site in accordance with Policy ESD10 of the Cherwell Local Plan 2011 – 2031 Part 1 and Government guidance contained within the National Planning Policy Framework.

13. All applications for approval of reserved matters relating to an approved phase shall be accompanied by an Energy Statement based upon Revision P02 of the Energy Statement prepared by Kyoob that demonstrates which sustainable design measures, including the provision of on-site renewable energy technologies, will be incorporated into that phase. The sustainable design measures shall thereafter be fully incorporated into the development of each phase and no occupation of development within the relevant phase shall take place until the approved sustainable design measures have been provided and, for on-site renewable energy provision, until such measures are fully installed and operational.

Reason: To ensure energy and resource efficiency practices are incorporated into the development in accordance with Policies Bicester 10, ESD3, ESD4 and ESD5 of the Cherwell Local Plan 2011-2031 Part 1 and Government guidance contained within the National Planning Policy Framework.

14. The non-residential floorspace hereby permitted shall be constructed to at least a BREEAM 'Very Good' Standard.

Reason: To ensure energy and resource efficiency practices are incorporated into the development in accordance with Policies Bicester 10, ESD3, ESD4 and ESD5 of the Cherwell Local Plan 2011-2031 Part 1 and Government guidance contained within the National Planning Policy Framework.

15. Notwithstanding any provisions contained within the Town and Country Planning (General Permitted Development) (England) Order 2015 (and any Order or Statutory Instrument amending, revoking or re-enacting that order), all water supply, foul water, energy, power (except any approved renewable energy infrastructure) and communication infrastructure to serve the development shall be provided underground and retained as such thereafter except where specifically approved otherwise as part of a grant of reserved matters approval for a phase.

Reason - In the interests of ensuring that such above ground infrastructure is not constructed in unsuitable locations on the site where it would be harmful to visual amenity and to comply with Policy ESD 15 of the Cherwell Local Plan 2011-2031, saved Policy C28 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework.

PRE COMMENCEMENT CONDITIONS

16. No development on any phase shall take place until a phasing plan covering the entire application site has been submitted to and approved in writing by the Local Planning Authority identifying the phases by which development will take place. The phasing plan shall demonstrate the delivery of the approximately 794sqm (GIA) mixed-use co-working hub to be delivered either as part of the first residential phase or as part of the occupation of any B1a or B1b development. Thereafter the development shall be carried out in accordance with the approved phasing plan and applications for approval of reserved matters shall be submitted in accordance with the terms of the approved phasing plan and refer to the phase (or phases) to which they relate.

Reason: Variation of condition 16 of the outline consent dated 1st April 2021 under Reference 20/00293/OUT as sought by this s73 application. To ensure the proper phased implementation of the development and associated infrastructure in accordance with Policies ESD15, Bicester 10 and INF1 of the Cherwell Local Plan 2011-2031 Part 1 and Government guidance contained within the National Planning Policy Framework. This information is required prior to commencement of any development on the appropriate phase as it is fundamental to the acceptability of this mixed use scheme.

17. No development shall take place on any phase, including any works of demolition until a Construction Method Statement has been submitted to, and approved in writing by the Local Planning Authority. The statement shall be appropriately titled (site and planning permission number) and shall provide for at a minimum:

- The parking of vehicles of site operatives and visitors;
- The routing of HGVs to and from the site;
- Loading and unloading of plant and materials;
- Storage of plant and materials used in constructing the development;
- The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
- Wheel washing facilities including type of operation (automated, water recycling etc) and road sweeping;
- Measures to control the emission of dust and dirt during construction;
- A scheme for recycling/ disposing of waste resulting from demolition and construction works;
- Delivery, demolition and construction working hours;
- Spoil locations
- Water management

The approved Construction Method Statement shall be adhered to throughout the construction period for the development.

Reason: To ensure the environment is protected during construction in accordance with Saved Policy ENV1 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework. This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

18. No development shall take place on any phase (including demolition, ground works, vegetation clearance) until a Construction Environmental Management Plan (CEMP: Biodiversity) has been submitted to and approved in writing by the Local Planning Authority. The CEMP: Biodiversity shall include as a minimum:
- a) Arrangements for a site walkover survey undertaken by a suitably qualified Ecologist to ensure that no protected species, which could be harmed by the development have moved onto the site since the previous surveys were carried out. If any protected species are found, details of mitigation measures to prevent their harm shall be required to be submitted;
 - b) Risk assessment of potentially damaging construction activities;
 - c) Identification of 'Biodiversity Protection Zones';
 - d) Practical measures (both physical measures and sensitive working practices) to avoid or reduce impacts during construction (may be provided as a set of method statements);
 - e) The location and timing of sensitive works to avoid harm to biodiversity features;
 - f) The times during construction when specialist ecologists need to be present on site to oversee works;
 - g) Responsible persons and lines of communication;
 - h) The role and responsibilities on site of an ecological clerk of works (ECoW) or similarly competent person;
 - i) Best practice with regard to wildlife including use of protective fences, exclusion barriers and warning signs

The approved CEMP: Biodiversity shall be adhered to and implemented throughout the construction period strictly in accordance with the approved details, unless otherwise agreed in writing by the Local Planning Authority.

Reason: To protect habitats of importance to biodiversity conservation from any loss or damage in accordance with Policy ESD10 of the Cherwell Local Plan 2011 – 2031 Part 1 and Government guidance contained within Section 15 of the National Planning Policy Framework. This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

19. No development shall take place on any phase until an Arboricultural Method Statement for that phase, undertaken in accordance with BS:5837:2012 and all subsequent amendments and revisions to include a plan identifying which trees are to be retained and details of how they will be protected, is submitted to and approved in writing by the Local Planning Authority. Thereafter, all works on site shall be carried out in accordance with the approved AMS and any tree protection measures shall be erected before any equipment, machinery or materials are brought onto the site for the purposes of development and shall be maintained until all equipment, machinery and surplus material has been removed from the site.

Reason: To ensure the continued health of retained trees/hedges and to ensure that they are not adversely affected by the construction works, in the interests of the visual amenity of the area, to ensure the integration of the development into the existing built environment and to comply with Policy C28 of the adopted Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework. This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

20. No construction shall take place until a Training and Employment Plan for the development has been submitted to and approved in writing by the Local Planning Authority. As a minimum this Plan shall include the arrangements by which the applicant (or other specified persons) will provide construction (and related trades) apprenticeship starts during construction of the development hereby approved. Construction shall take place in accordance with the agreed Plan.

Reason: Paragraphs 80 and 81 of the National Planning Policy Framework support and encourage sustainable economic growth. Para B14 of the adopted Cherwell Local Plan 2011-2031 recognises that it is important to ensure the population is sufficiently skilled to attract companies and investment to Cherwell and supports proposals to strengthen the skills base of

the local economy. Strategic Objective 3 of the adopted Cherwell Local Plan seeks to support an increase in skills.

21. No development shall take place until a Detailed Design, Surface Water Management Strategy, Drainage Strategy (including calculations, ground levels and plans), associated management and maintenance plan of surface water drainage for the site using sustainable drainage methods and details of the phasing of its provision has been submitted to and approved in writing by the Local Planning Authority. The detailed drainage will follow the Outline Design principles set out in the following documents:

- 43386 Lt004 LLFA Response (JAG) COMPLETE

The approved Sustainable Drainage System shall be implemented in accordance with the approved Detailed Design and prior to the first occupation of the development in that phase. The Sustainable Drainage Scheme shall be managed and maintained thereafter in perpetuity in accordance with the agreed management and maintenance plan.

Reason: To ensure that the principles of sustainable drainage are incorporated into this proposal in accordance with Policy ESD8 of the Cherwell Local Plan 2011-2031 Part 1 and Government guidance contained within the National Planning Policy Framework. This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

22. No development shall take place on any phase until full details of the means of vehicular access between the land and the highway on Wendlebury Road including position, layout, and vision splays shall be submitted to and approved in writing by the Local Planning Authority. Thereafter, and prior to the first occupation of any of the development, the means of access shall be constructed and retained in accordance with the approved details.

Reason: In the interests of highway safety, to ensure a satisfactory standard of construction and layout for the development and to comply with Government guidance contained within the National Planning Policy Framework. This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

23. No development shall take place until full details of the combined footway/cycleways serving the site along the A41, Wendlebury Road, and accesses to the south onto the disused slip road including details of the pedestrian/cycle feature linking the site (over the culvert/ditch) to the A41, have been submitted to and approved in writing by the Local Planning Authority. The approved pedestrian and cycle facilities shall thereafter be provided prior to the first occupation any phase of the development.

Reason: In the interests of ensuring that suitable access is provided to the development that prioritises sustainable travel in accordance with the requirements of Policies Bicester 10 and SLE4 of the Cherwell Local Plan 2011-2031 Part 1 and to comply with Government guidance contained within the National Planning Policy Framework. This information is required prior to the commencement of the development as it is fundamental to the acceptability of the scheme.

24. No development shall take place (including any demolition) until and prior to the submission of the first reserved matters application, a professional archaeological organisation acceptable to the Local Planning Authority, has undertaken an archaeological evaluation of the site. This evaluation will need to be undertaken in accordance with a Written Scheme of Investigation, which has first been agreed with the Local Planning Authority. The Archaeological Evaluation of the site shall be submitted to and approved in writing by the Local Planning Authority. The conclusions of the Archaeological Evaluation shall be taken into account in the future layout of the application site.

Reason: To identify areas of significant archaeological interest not included in the previous evaluation to comply with Government advice in the National Planning Policy Framework (NPPF) (Section 16). This information is required prior to the commencement of the development as it is fundamental to the acceptability of the scheme.

25. No development shall take place (including any demolition) until the results of the archaeological evaluation required by condition 24 have been agreed and full details of archaeological protection measures have been approved in writing by the Local Planning Authority in a Construction Environmental Management Plan (CEMP) or equivalent document as set out in the Archaeological Mitigation Strategy (rev2 June 2020) submitted with this application.

Reason: To safeguard the physical preservation of significant archaeological deposits within the site to comply with Government advice in the National Planning Policy Framework (NPPF) (Section 16). This information is required prior to the commencement of the development as it is fundamental to the acceptability of the scheme.

26. Following the approval of the archaeological protection measures required by condition 25, and prior to any demolition on the site and the commencement of the development (other than in accordance with the archaeological protection measures required by condition 25), a second stage Written Scheme of Investigation, including a programme of methodology, site investigation and recording, shall be submitted to and agreed in writing by the Local Planning Authority.

Reason: To secure the provision of archaeological investigation and the subsequent recording of the remains, to comply with Government advice in the National Planning Policy Framework (NPPF) (Section 16). This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

27. Following the approval of the second stage Written Scheme of Investigation referred to in condition 26, and prior to the commencement of the development (other than in accordance with the Written Scheme of Investigation), the programme of archaeological mitigation shall be carried out and fully completed in accordance with the approved second stage Written Scheme of Investigation. The programme of work shall include all processing, research and analysis necessary to produce an accessible and useable archive and a full report for publication which shall be submitted to the Local Planning Authority within two years of the completion of the archaeological fieldwork.

Reason: To safeguard the identification, recording, analysis and archiving of heritage assets before they are lost and to advance understanding of the heritage assets in their wider context through publication and dissemination of the evidence in accordance with the NPPF (2019). This information is required prior to the commencement of the development as it is fundamental to the acceptability of the scheme

28. No phase of the development shall take place until a desk study and site walk over to identify all potential contaminative uses on site, and to inform the conceptual site model has been carried out by a competent person and in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11' and has been submitted to and approved in writing by the Local Planning Authority. No development shall take place until the Local Planning Authority has given its written approval that it is satisfied that no potential risk from contamination has been identified.

Reason: To ensure that any ground and water contamination is identified and adequately addressed to ensure the safety of the development, the environment and to ensure the site is suitable for the proposed use to comply with Saved Policy ENV12 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework. This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

29. If a potential risk from contamination is identified as a result of the work carried out under condition 28, prior to the commencement of the development hereby permitted, a comprehensive intrusive investigation in order to characterise the type, nature and extent of contamination present, the risks to receptors and to inform the remediation strategy proposals shall be documented as a report undertaken by a competent person and in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11' and submitted to and approved in writing by the Local Planning Authority. No development

shall take place unless the Local Planning Authority has given its written approval that it is satisfied that the risk from contamination has been adequately characterised as required by this condition.

Reason: To ensure that any ground and water contamination is adequately addressed to ensure the safety of the development, the environment and to ensure the site is suitable for the proposed use, to comply with Saved Policy ENV12 of the Cherwell Local Plan 1996 and Government guidance within the National Planning Policy Framework. This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

30. If contamination is found by undertaking the work carried out under condition 29, prior to the commencement of the development hereby permitted, a scheme of remediation and/or monitoring to ensure the site is suitable for its proposed use shall be prepared by a competent person and in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11' and submitted to and approved in writing by the Local Planning Authority. No development shall take place until the Local Planning Authority has given its written approval of the scheme of remediation and/or monitoring required by this condition.

Reason: To ensure that any ground and water contamination is adequately addressed to ensure the safety of the development, the environment and to ensure the site is suitable for the proposed use, to comply with Saved Policy ENV12 of the Cherwell Local Plan 1996 and Government guidance within the National Planning Policy Framework. This information is required prior to commencement of the development as it is fundamental to the acceptability of the scheme.

CONDITIONS REQUIRING APPROVAL OR COMPLIANCE BEFORE SPECIFIC CONSTRUCTION WORKS TAKE PLACE

31. No piling shall take place until a Piling Method Statement (detailing the depth and type of piling to be undertaken and the methodology by which such piling shall be carried out, including measures to prevent and minimise the potential for damage to subsurface water infrastructure, and the programme for the works) has been submitted to and approved in writing by the Local Planning Authority (in consultation with Thames Water). Any piling must be undertaken in accordance with the terms of the approved Piling Method Statement.

Reason: In order to protect groundwater and to achieve sustainable development in accordance with Section 15 of the National Planning Policy Framework.

32. No development above slab level on any building proposed to contain residential units shall take place until a scheme for protecting the proposed dwellings from noise has been submitted to and approved in writing by the Local Planning Authority. The submitted scheme shall achieve internal levels that shall not normally exceed 30dB LAeq (8 hour) and 45dB LAmaxF in all sleeping areas between 2300 hours and 0700 hours. An internal level of 40dB LAeq 1 hour shall be achieved in all other areas of the building. An external level of 55dB LAeq (16 hours) shall be achieved in garden areas and balconies unless a higher level has been demonstrated as being acceptable through noise modelling. Any works which form part of the scheme shall be completed in accordance with the approved details before any of the permitted dwellings to which the scheme relates are occupied.

Reason: To avoid noise giving rise to significant adverse impacts on health and quality of life and to comply with Saved Policy ENV1 of the Cherwell Local Plan 1996 and Government guidance within the National Planning Policy Framework.

CONDITIONS REQUIRING APPROVAL OR COMPLIANCE BEFORE OCCUPATION

33. No part of the development shall be occupied until confirmation has been provided that either:
- all water network upgrades required to accommodate the additional flows to serve the development have been completed; or

- a housing and infrastructure phasing plan has been agreed with Thames Water to allow additional properties to be occupied. Where a housing and infrastructure phasing plan is agreed no occupation shall take place other than in accordance with the agreed housing and infrastructure phasing plan.

Reason: Network reinforcement works are anticipated to be necessary to ensure that sufficient capacity is made available to accommodate additional demand anticipated from the new development. Any necessary reinforcement works will be necessary in order to avoid low / no water pressure issues. In order to comply with Policy ESD8 of the Cherwell Local Plan 2011 - 2031 Part 1 and Government guidance contained within the National Planning Policy Framework.

34. If remedial works have been identified in condition 30, the relevant part of the development shall not be occupied until the remedial works have been carried out in accordance with the scheme approved under condition 30. A verification report that demonstrates the effectiveness of the remediation carried out must be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure that any ground and water contamination is adequately addressed to ensure the safety of the development, the environment and to ensure the site is suitable for the proposed use, to comply with Saved Policy ENV12 of the Cherwell Local Plan 1996 and Government guidance within the National Planning Policy Framework.

35. Prior to the occupation of any phase of the development hereby approved, an updated Framework Travel Plan, prepared in accordance with the Department of Transport's Best Practice Guidance Note "Using the Planning Process to Secure Travel Plans" and its subsequent amendments, shall be submitted to and approved in writing by the Local Planning Authority for that phase. This Framework Travel Plan shall be based on the draft document 46463 dated January 2020. The travel plan for each phase shall be implemented in accordance with the details approved.

Reason: In the interests of sustainability and to ensure a satisfactory form of development, in accordance with Government guidance contained within the National Planning Policy Framework.

36. Prior to first occupation of the development hereby approved, a Landscape and Ecology Management Plan (LEMP) shall be submitted to and approved in writing by the Local Planning Authority. Thereafter, the LEMP shall be carried out in accordance with the approved details.

Reason: To protect habitats of importance to biodiversity conservation from any loss or damage in accordance with Policy ESD10 of the Cherwell Local Plan 2011 – 2031 Part 1 and Government guidance contained within Section 15 of the National Planning Policy Framework.

37. The development hereby permitted shall not be occupied until it has been provided with a system of electrical vehicle charging to serve the development. In addition, ducting should be in place to allow for the easy expansion of the EV charging system as demand increases towards the planned phase out of ICE vehicles (ideally ducting should be provided to every parking space to future proof the development).

Reason: To comply with policies SLE 4, ESD 1, ESD 3 and ESD 5 of the adopted Cherwell Local Plan 2011-2031 Part 1 and to maximise opportunities for sustainable transport modes in accordance with Government guidance within the National Planning Policy Framework.

38. Prior to the first occupation of any development within a phase, a car park management plan relating to that phase shall be submitted to and approved in writing by the Local Planning Authority. The car park management plan shall include measures to ensure that the car parking areas within the phase are made available solely for use in connection with the use of the development hereby approved and for no other purpose whatsoever. Thereafter, the entirety of the development on Phase 1B shall operate in accordance with the approved car park management plan.

Reason: To ensure that car travel is not unduly encouraged as a means of accessing surrounding development and to comply with Policy SLE4 of the Cherwell Local Plan 2011-2031 Part 1 as well as Government guidance contained in the National Planning Policy Framework.

39. Details of external lighting including the design, position, orientation and any screening of the lighting shall be submitted to and approved in writing by the Local Planning Authority prior to commencement of those works. The lighting shall be installed prior to the first occupation of the development and operated in accordance with the approved details at all times thereafter.

Reason: In order to safeguard the visual amenities of the area and to achieve a suitable lighting scheme which would minimise the impact to ecology and biodiversity in accordance with Policy ESD10 and ESD15 of the Cherwell Local Plan 2011 – 2031 Part 1, Saved Policy C28 of the Cherwell Local Plan 1996 and Government advice in The National Planning Policy Framework.

40. No development shall be occupied until a scheme for the commissioning and provision of public art to be accommodated within the site has been submitted to and approved in writing by the Local Planning Authority. The approved scheme shall thereafter be implemented in accordance with the approved details prior to the occupation of any B1a floorspace or 150 residential units whichever is sooner.

Reason: To create an attractive and distinctive development in accordance with Policy ESD15 of the Cherwell Local Plan 2011 – 2031 Part 1, Policy C28 of the adopted Cherwell Local Plan and Government guidance within the National Planning Policy Framework.

41. The dwelling(s) hereby approved shall not be occupied until bins for the purposes of refuse, food waste, recycling and green waste have been provided for use by each of the approved dwellings, in accordance with the Council's current bin specifications and requirements.

Reason: To provide appropriate and essential infrastructure for domestic waste management in accordance with the provisions of Policy INF1 of the Cherwell Local Plan 2011 - 2031.

42. The development shall be constructed so as to meet as a minimum the higher Building Regulation standard for water consumption limited to 110 litres per person per day.

Reason: The site is located in an area of water stress and therefore reaching a higher level of water efficiency is required to comply with Policy ESD3 of the Cherwell Local Plan 2011-2031.

DEVELOPMENT MONITORING

The Council has identified the development hereby approved as one that it considers appropriate to monitor during construction. We would therefore be grateful if you could let us know of your intention to start the development at least 14 days prior to the commencement of work on site. You can do this by emailing the Council on: monitoring@cherwell-dc.gov.uk and providing us with the following information: application number; application address; and the date you intend to start the development. During the monitoring period, we will be assessing the development against the approved plans, and compliance with any conditions imposed on the permission. It is in your interest to comply with this request as it will help to avoid any unnecessary, and possibly expensive, corrective works.

PLANNING NOTES

1. **Conditions** – the applicant's attention is drawn to the need to comply with all conditions imposed on this permission. Failure to do so could result in the council serving a breach of condition notice against which there is no right of appeal.

Under the Town and Country Planning (Fees for Applications, Deemed Application, Requests and Site Visits) (England) Regulation 2012 there is a fee payable each time you make a request to discharge any of the conditions attached to this permission. You can apply to discharge more than

one condition at the same time. At the time of this decision the fee is £34 per request for householder development and £116 per request in all other cases. The fee may be more when you come to apply for the discharge of condition if the Regulations have been amended. The fee is payable when you submit the details to discharge the condition(s). The Council has '1app' forms for such applications, but their use is not mandatory.

There is no fee for the discharge of conditions on listed building consents.

The Council has eight weeks to respond to applications to discharge conditions, so you will need to make your application in good time before commencing development.

2. **Material Samples** – please note that where any of the above conditions require the approval of materials, material samples are no longer accepted at the Council offices and should in the first instance be left on the application site for the relevant case officer to view and assess in context with its surroundings. Material samples and sample panels should be placed/erected on the site before an application to discharge that condition(s) is submitted.

Should leaving samples on site be impractical then arrangements should be made with the relevant case officer to view samples on site.

3. Attention is drawn to a Legal Agreement related to this development dated 1st April 2021 which has been made pursuant to Section 106 of the Town and Country Planning Act 1990, Sections 111 and 139 of the Local Government Act 1972 and/or other enabling powers.
4. With respect to condition 21, the applicant is advised that the following information is required to be included:
 - Final points of discharge and rate to be clearly noted on drawing.
 - A compliance report to demonstrate how the scheme complies with the "Local Standards and Guidance for Surface Water Drainage on Major Development in Oxfordshire"
 - Detailed design drainage layout drawings of the SuDS proposals including cross section details.
 - Detailed design clearly demonstrating how exceedance events will be managed.
 - Pre and Post development surface water flow paths to be identified on the plan.
 - Details of how water quality will be maintained during construction.
 - Infiltration test results to BRE365 to be submitted.
 - Evidence of groundwater depth test results to be submitted.
 - Groundwater level monitoring to be undertaken for the duration of one year from completion of construction.
 - Evidence that WFD requirements have been addressed to improve water quality.
 - Discharge rates
 - Discharge volumes
 - Sizing of features - attenuation volume
 - Detailed drainage layout with pipe numbers
 - SUDS (list the suds features mentioned within the FRA and associated Drainage Strategy documentation to ensure they are carried forward into the detailed drainage strategy)
 - Network drainage calculations
 - Phasing
5. The applicant is advised that in accordance with Section 21 of the Flood and Water Management Act 2010 and prior to the occupation of the development, a record of the approved SUDs details should be deposited in the Lead Local Flood Authority Asset Register. The details should include as built plans in both .pdf and .shp file format, photographs to document each key stage of the drainage system when installed on site and photographs to document the completed installation of the drainage structures on site.
6. With respect to Public Rights of Way it is the responsibility of the developer to ensure that the application takes account of the legally recorded route and width of any public rights of way as recorded in the definitive map and statement. This may differ from the line walked on the ground.

The Definitive Map and Statement is available online at www.oxfordshire.gov.uk/definitivemap

7. No materials, plant, temporary structures or excavations of any kind should be deposited / undertaken on or adjacent to the Public Right of Way that obstructs the public right of way whilst development takes place.
8. The development should be designed and implemented to fit in with the existing public rights of way network. No changes to the public right of way's legally recorded direction or width must be made without first securing appropriate temporary or permanent diversion through separate legal process. Alterations to surface, signing or structures shall not be made without prior written permission by Oxfordshire County Council. Note that there are legal mechanisms to change PRow when it is essential to enable a development to take place. But these mechanisms have their own process and timescales and should be initiated as early as possible – usually through the local planning authority.
9. No construction / demolition vehicle access may be taken along or across a public right of way without prior written permission and appropriate safety/mitigation measures approved by Oxfordshire County Council.
10. No vehicle access may be taken along or across a public right of way to residential or commercial sites without prior written permission and appropriate safety and surfacing measures approved by Oxfordshire County Council.
11. Any gates provided in association with the development shall be set back from any public right of way or shall not open outwards from the site across any public right of way.

STATEMENT OF ENGAGEMENT

In accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) and paragraph 38 of the National Planning Policy Framework, the Council has worked positively, creatively and proactively to determine this application within the agreed timescales, having worked with the applicant/agent where necessary and possible within the scope of the application (as set on in the case officer's report) to resolve any concerns that have arisen, in the interests of achieving more appropriate and sustainable development proposals. Consent has been granted accordingly.

The case officer's report and recommendation in respect of this application is available to view online at: <http://www.cherwell.gov.uk/viewplanningapp>. The agenda, minutes and webcast recording of the Planning Committee meeting at which this application was determined are also available to view online at: <http://modgov.cherwell.gov.uk/ieListMeetings.aspx?CId=117&Year=0>

NOTICE OF DECISION

TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED)

NOTES TO THE APPLICANT

TIME LIMITS FOR APPLICATIONS

By virtue of Sections 91-96 of the Town and Country Planning Act 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004, planning permissions are subject to time limits. If a condition imposing a time limit has been expressly included as part of the permission, then that condition must be observed. Otherwise, one or other of the following time limits will apply:

Where planning permission is given in outline subject to a condition reserving certain matters for subsequent approval, application for approval of such matters reserved must be made not later than the expiration of 3 years beginning with the date of the outline planning permission and further the development to which the permission relates must be begun not later than the expiration of 2 years from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last reserved matters to be approved.

Where the planning permission is complete and is not in outline, the development must be begun not later than the expiration of 3 years from the date on which permission was granted.

OTHER NECESSARY CONSENTS

This document only conveys permission or approval for the proposed development under Part III of the Town and Country Planning Act 1990 and you must also comply with all the bye-laws, regulations and statutory provisions in force in the District and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.

In particular you are reminded of the following matters:

- The need in appropriate cases to obtain approval under the Building Regulations. **The Building Regulations may be applicable to this proposal. You are therefore advised to contact the District Council's Building Control Manager before starting work on site - Telephone: 01295 227006. Email: Building.Control@Cherwell-dc.gov.uk**
- Data supplied by the National Radiological Protection Board (NRPB) and the British Geological Survey (BGS) suggests that the site of this application falls within an area which is potentially at risk from radon. This may require protective measures in order to comply with the Building Regulations if your consent relates to a new dwelling or house extension. Further advice on whether protective measures are required under the Building Regulations can be obtained by contacting the Building Control Manager on 01295 227006 or E-mail at building.control@cherwell-dc.gov.uk
- The need to obtain an appropriate Order if the proposal involves the stopping up or diversion of a public footpath.
- The need to obtain a separate "Listed Building Consent" for the demolition, alteration or extension of any listed building of architectural or historic interest.
- The need to make any appropriate arrangements under the Highways Act in respect of any works within the limits of a public highway. The address of the Highway Authority is Oxfordshire County Council, Speedwell House, Speedwell Street, Oxford, OX1 1NE.

- It is the responsibility of the applicant to ascertain whether his/her development affects any public right of way, highway or listed building.

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Local Planning Authority to grant permission or approval subject to conditions, you can appeal to the First Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990.

If you wish to appeal, then you must do so within six months of the date of this notice. Forms can be obtained from the **Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. Tel 0303 444 5000**. The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that permission or approval for the proposed development could not have been so granted otherwise than subject to the conditions imposed by the Local Planning Authority, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order.

In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

PURCHASE NOTICES

If either the Local Planning Authority or the First Secretary of State grants permission or approval for the development of land subject to conditions, the owner may claim that he/she can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the District Council. This notice will require the Council to purchase his/her interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

COMPENSATION

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in the Town and Country Planning Act 1990 as amended by the Planning and Compensation Act 1991.
