Type of Comment	<input type="text" value="Comment"/>
Type	<input type="text" value="neighbour"/>
Comments	<p>Thank you for consulting me on this application. I have concerns with the proposals in terms of potential for crime and antisocial behaviour and as such am unable to support this application in its current form.</p> <p>Plans indicate large areas of accessible car parking are not overlooked by active frontage from the mixed use development that it serves. In order to protect parking areas and vehicles within them from crime and ASB, it is vital that surveillance is maximised. I ask that all parking areas are overlooked with active frontage to maximise surveillance and reduce opportunities for crime and ASB to occur.</p> <p>The above comments are made on behalf of Thames Valley Police and relate to crime prevention design only. I hope that you find these comments of assistance. If you have any queries relating to crime prevention design, please do not hesitate to contact myself.</p> <p>Kind regards Kevin Cox.</p>
