| Comments | <p>I object to this housing development.</p> <ol style="list-style-type: none">1) We need affordable housing in the middle of town, not on the outskirts with few facilities.2) the urban sprawl across open countryside should stop, consider the environmental impact.3) true 'sustainable development' would not build on open countryside, it would reuse the empty space in town eg the old Debenhams - next to public transport, doctors, supermarkets and amenities.4) please protect the heritage of Hanwell village and stop encroaching upon it.5) building any new houses needs to be balanced with services - where will all the children in the houses go to secondary school for example. Is there a doctor's surgery able to accept new patients? etc. <p>Please planners consider this application with the whole of Banbury in mind, be forward thinking, inventive and consider true sustainability. Don't be persuaded by developers who want to maximise profit with their urban sprawl.</p> |
