<b>Comments</b>	<p>I object to this proposal. We have over built in the whole Banbury area impacting infrastructure, pollution - light, air, water, doctors, dentists, vets, our town centre is dying and there are no improvements on sustainable travel - bicycles, walking etc. Add to that, there is more and more encroachment on our natural habitat. Please look at all the housing that is sitting empty that can be reworked to house people. Please look at brown field sites and please look at flats etc above shops (including all the empty shops in our town centre) that can be converted into homes.</p> <p>The council promised years ago to not build beyond Dukes meadow drive however they have reneged and the encroachment into our natural habitat is growing to the detriment of all. And finally this is not in the local plan. This proposal means that Banbury will encroach further into the countryside, impacting our way of life and impacting the fact that we live in a conservation area. We live in a village because we dont want to live in town.</p> <p>Thank you.</p>
