**Cc:** DC Support  
**Subject:** 22/03064/OUT - Land Opposite Hanwell Fields Recreation Adj To, Dukes Meadow Drive, Banbury, Oxfordshire

Environmental Protection has the following response to this application as presented:

### General:

Prior to the commencement of the development, a Construction Environment Management Plan (CEMP), which shall include details of the measures to be taken to ensure construction works do not adversely affect residential properties on, adjacent to or surrounding the site together with details of the consultation and communication to be carried out with local residents shall be submitted to and approved in writing by the Local Planning Authority. Thereafter the development shall be carried out in accordance with approved CEMP

### Noise:

Prior to the development commencing a report should be provided and approved in writing by the local planning authority that shows that all habitable rooms within the dwelling and external areas will achieve the noise levels specified in BS8233:2014 (Guidance on sound insulation and noise reduction for buildings) for indoor and external noise levels (if required then the methods for rating the noise in BS4142:2014 should be used, such as for noise from industrial sources). Thereafter, and prior to the first occupation of the dwellings affected by this condition, the dwellings shall be insulated and maintained in accordance with the approved details. If alternative means of ventilation are required then an overheating assessment should be carried out.

### Contaminated Land:

The full standard contaminated land conditions should be applied to any permission granted.

### Air Quality:

Prior to the commencement of the development hereby permitted a detailed air quality impact assessment to identify the impact of the development on local air quality shall be submitted to and approved in writing by the Local Planning Authority. The assessment should include damage cost calculations where applicable along with a proposal for abatement measures that will be undertaken in addition to those already required from the developer. This shall have regard to the Cherwell District Council Air Quality Action Plan and no development shall take place until the Local Planning Authority has given its written approval that it is satisfied that the impact of the development on air quality has been adequately quantified.

### Odour:

No comments

### Light:

No comments

If you wish to deviate from the suggested conditions then this should be discussed with the officer making these comments to ensure the meaning of the condition remains and that the condition is enforceable and reasonable.

Please note my working pattern below, I will only respond on the days appropriate to the email content Mon – Weds: Environmental Protection, Thurs – Fri: Health Protection and Compliance

Kind Regards

Neil Whitton BSC, MCIEH
