Dear Ms Daniels.

re: Objection to planned development on the MX site - 24/00375/F

Hopefully I am not too late to object, unfortunately I have been out of the country with work. What is disappointing is Hornton is yet again in a position of having to fight for our right to peace and quiet and protecting the Cotswold countryside.

Ms Kerwood is persisting to try and blight our countryside with some unholy development that has no proven need to exist here. As always there is no infrastructure to accommodate such a huge fishing village. I am sure there are many other suitable areas for fishing establishments that have a lake that is already exists. There is certainly no need for anymore holiday accommodation, we have the hotel in Wroxton and many B&B's in the area that would no doubt be affected by this development.

Many of the arguments that were researched and put forward for the objection to the MX racetrack also apply here, from the affect on nature (specifically endangered species) and the obvious light pollution caused by such a leisure establishment. Increase in traffic and objection from local businesses including The Indian Queen.

I fail to understand why we have to continue to protect our environment from such ludicrous applications. Please please do the right thing and look in to this application in detail. Pardon the pun but I smell something fishy going on.. ;-)| I feel this is just the start of some bigger plan in conjunction with Ms Kerwood.

Kind regards,

Pete Bebb
