Subject: New comments for application 23/00977/OUT

New comments have been received for application 23/00977/OUT at site address: OS Parcel 9195 North Of Claydon Road Cropredy

from Nicola nikijackson57@gmail.com

Address:
2 Spring Lane, Cropredy, Banbury, OX17 1NF

Comment type:
Objection

Comments:

I object strongly to the admission of additional documents submitted by the developer, firstly in terms of the lack of notice given to respond to this new information, submitted dispute the application closing several months ago. Secondly, the proposed structure is totally incongruous to the area. The village of Cropredy dates back to the 14th century, a concrete "block" would be more suited to an inner city area, rather than a rural, historic village.

At our village meeting, the surgery representatives advised that they "were neutral to the provision of a new surgery". This latest application appears with such undue haste and no further comment from the surgery representatives has been received to amend their original comments.

Case Officer:
Katherine Daniels
