| <b>Comments</b>           | <input type="text" value="I wish to strongly object to this application on the following grounds. 1. The Planning Committee refused two previous applications to this site only to be overturned by the planning inspector. The site is unsustainable and is on a badly lit narrow country road with no footpaths. The introduction of more residents will compound the issue of it being a dangerous road for pedestrians. 2. Access to the site is inadequate for larger number of vehicles. 3. An open country site will be turned into a car park if more pitches are allowed. 4. There is no proper information on the supply of vital services. 5. With the addition of 13 pitches over the last few months there is no actual need for further sites. 6. Security concerns on how two separate G/T sites will be managed in such close proximity to each other. 7. Any further increase in the number of pitches will dominate the nearest village Piddington. 8. The MoD continues to have grave reservations regarding the suitability of a site so close to their training facilities. I urge the planning committee to turn this application down."/> |
