Dear Ms Whitehead,

I would like to object to the planning application made by Great Lakes UK Ltd (19/02550/F).

As a resident of Kirtlington I feel that the A4095 is already a very busy road and an accident waiting to happen. We are already subjected to the dangers of speeding cars and construction lorries through the village. The additional traffic that will pass through the village during the construction period and after will only worsen the situation.

There will be increased air and noise pollution.

I cannot see any benefit to the local community.

I cannot see how the local infrastructure within any of the adjacent villages will cope with any additional traffic.

Kind regards

Charlotte Goode
