<b>Address</b>	<input type="text" value="16 Bannerman Drive,Brackley,Northants,NN13 6HS"/>
<b>Type of Comment</b>	<input type="text" value="Objection"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="I wish to state my objection to this proposal for the following reasons. An industrial area of this size will cause extreme damage to the surrounding environment, it is not necessary or needed at this time or in this place. There is not an employment problem that needs fulfilling in this area at this time Environmental damage, which includes Increased noise pollution due to increased traffic, especially with regard to heavy goods vehicles traveling in and out on potentially a 24 hour basis. Increased light pollution which will effect all surrounding villages and homes. Wildlife will also be affected. Increased air pollution, due to an excess of traffic to the area. Increased noise pollution, due to excess traffic and heavy goods vehicles entering and leaving the site. Increased rubbish to the area which will be detrimental to wildlife and villages and homes in the area. Increased traffic to an area that already regularly struggles with traffic build up - with regard to queing at all entry points to Baynards Green roundabout at busy times currently. Wildlife habitat destruction and loss of wildlife as a result, at a time particularly when we should be trying to preserve and protect our green spaces, wildlife and the planet. Loss of farmland, which is needed to produce the food we rely upon. All of the above mentioned will have a huge negative impact on people and wildlife who live in the area. Signed Gail Girvan"/>
