Comments	<p>In my 25 years of living in beautiful Cropredy, I have seen the roads get more congested, the atmosphere getting noisier including late night wedding events with bands, fireworks and the like going on too late into the night. The cars that race down and through Station Road and other parts of the village with some people using it as a race track is a nightmare! It may be only time before school children get hit by a speeding car!</p> <p>Cropredy was one of the most tranquil places that I have ever lived in and now I feel it is being spoilt. Anyone that visits the village seems to think that it is fair game to open some sort of camping, glamping or other type of crazy business! To add more to the local population WILL PUT STRESS AND STRAIN on everyday life for the population that currently lives here. Not to mention the extra traffic and traffic pollution!</p> <p>Cropredy is a small and beautiful North Oxfordshire village and THERE IS NO NEED to build further houses here for any reason. I object in the strongest possible terms!</p>
