Comments	<input type="text" value="I object to the proposed housing development and in particular to the Doctors surgery, I do not believe Cropredy needs a surgery of this magnitude and in this location. The current purpose built surgery has served the village for more than 20 years and would probably continue to do so if the patient numbers were relevant to the residents numbers, however things have changed and profit appears to be overtaking service to the residents with approx 7 weeks to get an appointment with a Doctor. If this new building goes ahead how would none drivers safely get there on a dark foggy winter evening even with a footpath and lightning the walk from the village next to a 60 MPH road is far from ideal. I agree with other comments that this matter feels like we are being blackmailed with these amendments under the radar and the threat of losing the surgery all together."/>
