Comments	<p>I wish to object to the outline planning application for houses north of Claydon Road Cropredy.. The development is not sustainable in terms of</p> <p>A. Transport, there are already a great number of cars using the village as a rat run.</p> <p>B. Doctors Surgery, already oversubscribed,</p> <p>C. Sewerage facilities, Thames Water already discharges untreated sewage into the river in large quantities.</p> <p>The proposed site is not within the confines of the village and would be isolated as there is not a footpath connecting it to the village.</p> <p>I understood that Cherwell had already met its quota on housing and that as Cropredy is a Category A village there should be a limited ability to absorb further development and an emphasis on protecting the environment. None of which applies to this application.</p> <p>I urge you to reject the application.</p>
