Case Officer	Katherine Daniels
Organisation Name	Graham Vint
Address	Hornton Grounds,Hornton,Banbury,OX15 6HH
Type of Comment	Objection
Type	neighbour
Comments	<p>Sir,</p> <p>Oh dear, here we go again with another totally unsuitable venture on an unsuitable site.</p> <p>Water is my first question, sourced from and disposed of where? There is no comment in the application how they will fill and maintain a level of water in the 'lakes'. There is no comment in the application how the water will be kept clean and circulated and oxygenated for the fish. How will dirty water be disposed of? I am also dissappointed with how little green credential is being sought. No solar pv panels, no battery storage of electricity nor catchment of rain water for grey water use in the cabins.....and just how many cabins will there be and why is there requirement for an accommodation block? Mind you, it will make a very convenient club house for the adjacent MX track users.</p> <p>The wildlife is being shouldered aside. There is a host of vertebrate and invertebrate wildlife on the site from deer, bats, greater crested newts and owls and hares. All should be carefully considered to a greater extent than seems to be made in the application.</p> <p>I despair.</p>
