Comments	<input type="text" value="After reviewing the submitted application for 14 dwellings, I support this development in the village.

This plot has existing safe access along a straight part of Heyford road which sits within the village and not on the outskirts. Additionally, the land in question is well covered by trees and a wall meaning the development will be well hidden.

The proposed development offers a mixture of well designed affordable homes as well as designated parking and garages to allow new families to the village and a public footpath as outlined to access the local bus stops, pubs, school, walks etc safely.

Repair of existing walls alongside the road frontage and landscaping to ensure the area is presentable inline with the current landscaping would be beneficial.

I would support this application."/>
