<b>Comments</b>	<p>I strongly OBJECT to the Manor Oak Homes Planning Application on the grounds of the Deer Act 1991. This is a legal indication that aims to protect wild deer in England and Wales.</p> <p>This act states that the intentional cruelty towards wild deer is against the law. Members of the wider community have often seen wild deer lying in and running through the fields that this development is planned on.</p> <p>Many of the community are interested in bird watching and take great pleasure in watching wild birds fly around the area. 1 a and 1 aa of this law both aim to protect birds who are nesting or are seeking to nest in areas of the countryside. I know there are birds who are living in the planned area or would look to settle amongst its surrounding trees and am worried about the loss of habitat for these animals.</p> <p>There are plenty of other wildlife and plants that this law covers that will be damaged by this project.</p> <p>Many of the local community can recount seeing wild mammals in this area on multiple occasions if not as a daily occurrence. It is certain that their natural habitat would be partially if not totally destroyed by this development and thus would break this law.</p> <p>The English countryside is to be destroyed by this project and I would encourage this project to be cancelled.</p>
