Comments	<input type="text" value="I object strongly to this application. The village of Cropredy has already seen development and further building would destroy the character and integrity of this village. The offer of a new GP 's building is spurious and unlikely to come to fruition in the current economic environment. Therefore houses will get built and will add yet more pressure to already overstretched services such as health and education. The area north of Banbury has been seriously overdeveloped and this needs to stop. Cherwell District Council has already demonstrated that it has met its land supply requirements with 5.4 years identified. This makes this development unnecessary and profit motivated. The potential damage to local wildlife is great and this constant erosion of natural habitats is shocking. We need to stop and reflect on what is happening to our environment."/>
