Comments	<input type="text" value="I object on the basis of the lack of infrastructure, the additional volume of traffic and the pollution which this will cause. There are not enough facilities for the number of houses being built. There would need to be additional doctors, schools and other facilities. I bought a home 15 years ago in Hanwell Fields but the name will no longer be true if all the fields disappear due to the proposed building work. The traffic has already massively increased up Duke Meadows Drive in the last few years and this would only get worse. Banbury has desperately needed a bypass for years and would be in even more need of one with this proposed building work."/>
