<b>Comments</b>	<input type="text" value="I strongly object to this application. As a resident of Great Bourton this will have a negative effect on this neighbouring village. The size of the development will increase traffic levels by at least 120 vehicles. GB is busy enough with current commuting traffic. There is little or no need to relocate the Surgery. The proposed planning application for the replacement Surgery is laughable. A real design effort made to fit in with a rural Oxfordshire village. 60 new homes far too many for a village the size of Cropredy. Planning must be restricted to permitted infill, not outside boundaries."/>
