Comments	<input type="text" value="As our property will be one of the closest to this proposed development our main concern is noise and air quality and of course the negative affect on house values a secondary concern is the extra traffic that this will no doubt cause ,local villages Hardwick and Hethe already suffer people using it as a rat run even before the congestion increase on the A43. My father purchased this house in 1963 it was a tranquil and peacefull area we have had to suffer the extra noise from the M40 if I wanted to live on the edge of a monstrous development like this I would have moved closer to Bicester or Brackley . I think we have suffered enough ?"/>
