<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="Observations: The only real concerns are over the huge floodlit signs which could easily create an unwelcome distraction to motorists approaching the Vendee Drive roundabout. This application needs to be considered within the framework of the existing and planned street furniture. Although tangential to the application, we would strongly recommend that there should be a speed limit of 30mph when approaching this roundabout where there have been recent fatalities. Please view this application with the need for maximum public safety in the vicinity of this site."/>
