| Type of Comment | <input type="text" value="Support"/> |
| Type | <input type="text" value="neighbour"/> |
| Comments | <p>The two garages that the applicant seek to replace are in a poor state of repair and do not compliment the surrounding area.</p> <p>The proposed design for the replacement building is of a high standard and would considerably improve the street scene in that locality, whilst better utilising the site of the disused garage buildings. Overall the proposed replacement building respects the architectural language of the surrounding buildings with high quality design and suggested construction materials.</p> <p>This planning application seems a sensible and balanced use of the site with a high quality design approach that will enhance the local street scene.</p> |
