Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I would like to support this application. The building referred to is one of the first few properties you see when entering the village. It is currently in a poor state of repair and in need of improvement. It would be nice to see the building put back to use and freshened up. It would most certainly improve the outlook of the village as a whole when renovated."/>
