<b>Comments</b>	<p>We strongly object to this planned development for the following reasons: Cropredy has recently absorbed two developments of new houses. The proposed development, being bigger than those two put together, would radically change the character of this lovely category A village. The proposed development is actually in open countryside, outside the village boundary and should be rejected on that ground alone. The village infrastrucure, sewerage, roads and other services are under strain at the moment: they could not cope with an increase in population of this size. Cropredy has minimal public transport - an occasional bus: the increase in road traffic would be intolerable if not dangerous. At present the main road through the village is impassable during the opening and closing times of the village school.</p> <p>Yours sincerely, Jon &amp; Judi Beer</p>
