Comments	<input type="text" value="I believe the infrastructure is already suffering in the village in terms of levels of effluent problems currently being monitored in the river, car parking issues in the village centre and lack of schooling facilities would be available for an increase in numbers that the new dwellings would bring.

I also strongly object to the design of the new proposed surgery which does not 'fit' with the village image of stone built cottages and charm. It is more of a 'blot on the landscape'."/>
