Comments	<input type="text" value="I do have one concern about this application. The single gate on the north end of Willow cottage's boundary, giving access to the rear of Brookside is a pedestrian route to the rear of the house is too wide. Having a single 2 metre wide gate will be inconvenient for anyone using it, and also inconvenient for the owners of Willow Cottage as it will need a huge area of garden to be kept clear in order for the gate to swing open. the original gate was 0.9m wide which is enough for any of the access that is required/allowed according to the property deeds (pedestrian and hand propelled vehicles eg. wheelbarrows)"/>
