Comments	<input type="text" value="I am particularly concerned about the increased levels of traffic especially lorries which may be tempted to cut through the road from stoke lyne to get to the buckingham road which is used extensively by horse riders, cyclists and dog walkers who enjoy the large network of footpaths, bridleways and quiet lanes which are rare in this area . One only needs to see the huge volume of heavy traffic the other side of the Buckingham road from HS2 and the other rail projects which have badly effected the peace and tranquility there. Surely with all the other development around Bicester of distribution sites there is enough of our countryside sacrificed in this area already."/>
