Comments	<p>Good evening, This planning application shows nothing whatsoever regarding the realignment of Howes lane. I thought the realignment had been agreed and even funded by a 23.5 million grant from the Govt housing and growth deal, designed to expedite the building of new infrastructure for a rapidly growing Bicester. I also believe that before the warehousing went up this realignment was supposed to happen but the residents that back onto the existing Howes lane find themselves let down, clearly money talks. The traffic is reaching/at unbearable levels currently along Howes lane and any construction will only further add to this despite whatever safeguards the developers say they will do to prevent this. Wasn't the realignment supposed to start once the new rail bridge was in which was some time ago now. Therefore considering the money has already been allocated the council should consider these residents and postpone this new development until the new road is in and the old one closed. I understand the need for increased housing and am not opposed to a new development in time but the powers that be should honour pledges made and ensure viable infrastructure exists prior to any new housing. Therefore until Howes lane is realigned I am strongly opposed to this planning application. M Heath</p>
