Comments	<input type="text" value="I object to this proposed development. My concerns are: The traffic volumes on the A43/M40 junction already cause long queues at peak times. This development will increase journey times for both local people and longer distance commuters. Bicester has seen several developments of large units similar to this development. I appreciate they are necessary for our changing economy, but they are also ugly buildings. The site near to Stoke Lyne is beautiful open countryside, it is wrong to cover these open fields with this type of building."/>
