Comments	<input type="text" value="Tyrrell Road already has significant issues with access and traffic as the only access road into a large development. In addition to this Tyrrell Road is adjacent to the child play area. With already heavy traffic adding additional demands to this road right beside the children's area increases the danger for children and pedestrians. In addition to this Tyrrell Road will be the only access for all of the building works meaning that there will be years of additional disruption and increase risk for pedestrians as Tyrrell Road will be used to move all of the building materials. Tyrrell Road will also now be used as the access road to the allotments which are due to open soon."/>
