Comments	<input type="text" value="I would like to object to this planning application on a number of grounds. Firstly and overall, I see a number of issues related to the application with regard to this very special part of the countryside and very little benefits as there are a number of other local locations available for fishing and holidaying. Specifically:
- in the application I see little or no focus on preserving wildlife and habitat in the area, including Great Crested Newts which are known to be close by
- this is adjacent to an area of Outstanding Natural Beauty and it will be detrimental from a visual aspect and certainly from light pollution
- I see no detailed water management plans in the application

I would therefore urge you to continue protecting our countryside and reject this application.

Yours sincerely,
Mike Carabok"/>
