<b>Comments</b>	<input type="text" value="The area of the marina we chose for its outstanding natural beauty and quiet natural status, 60 dwellings and community facilities will make noise late at night and on the weekends when most of the leisure boaters will be on their boats on their moorings. If the Marina was to be residential then it may not make too much difference but at the minute its leisure only and no one is allowed to live aboard. The access road is not suitable for more than 100 vehicles which wont include the heavy plany required during the build I strongly object to the plans and would consider moving my boat if it did go ahead"/>
