Comments	<input type="text" value="Like many others I object to this planning application because it is yet another attempt to blight our countryside with an unnecessary holiday park under the guise of a fishing lake. I have no idea where they think the water is going to come from or how they are going to protect the delicate environment but it seems that the developer has a track record of disregard in this respect!

I support the views and reasons of all the other objectors to this unwarranted and UNWANTED development on yet more of the same farm as the former Moto Cross track."/>
