| <b>Comments</b>           | <input type="text" value="I object strongly to this application for the following reasons.&lt;br/&gt;The size of this development would be disproportionate to the size of the village and would change the character of the village in a negative way.&lt;br/&gt;As a category A village any development in Cropredy should be limited to minor development, infill and conversions to existing structures.&lt;br/&gt;This is a greenfield site with a diverse range of wildlife, which would be destroyed a housing development.&lt;br/&gt;There is no regular bus service through Cropredy so a development of this size would generate a huge increase in traffic through the village.&lt;br/&gt;The services in the village are not adequate to support this development, the doctor's surgery is already over-stretched and the school is full."/> |
