Comments	<p>Please see through this application for what it is: a backdoor to creating a holiday park on the doorstep of the Cotswolds AONB which links to an existing approved development of 18 "eco lodges" on the other side of the A422 by the same applicant, in 2022. As you will see from the attached, I believe, that the intention is to create a huge development with the combined number of lodges, cabins and pods of 92 and not the number in this application.</p> <p>I have attached a 2 page document with drawings which sets out the reasons for my objection.</p> <p>This new development is simply not needed. According to fishadvisor.co.uk, there are 94 fishing lakes in Oxfordshire, Warwickshire and Northamptonshire including 20 within 20 miles of this new site and 5 within 10 miles of it.</p> <p>I have grave concerns regarding the ecology of the area and the sourcing and management of the water needed for these lakes.</p> <p>Please do the right thing and refuse this application.</p>
